---

This is an umbrella organisation covering the Lake District teams, police representatives and other organisations interested in mountain rescue, such as RAF and National Park Rangers.

The purpose of the Lake District Search and Mountain Rescue Association is to act as a link between the national Mountain Rescue Council and all other interested bodies. The association speaks out and acts on behalf of the teams on matters relating to Lake District mountain rescue as a whole. It also fosters publicity aimed at the prevention of mountain accidents.

## CHAIRMAN'S REPORT FOR 2003

---

Although we had an excellent summer as regards the weather, the fells were remarkably quiet and therefore the incidents for 2003 show no marked increase as might have been expected.

However there has been a considerable increase, of approximately 33%, in the use of helicopters at call-outs. This can largely be explained by the use of civilian Air Ambulance helicopters. Both the North West Air Ambulance and the Great North Air Ambulance and even the Lancashire Police helicopter have been regularly operational in the Lake District this year. This results in a speedier evacuation from the fells and usually a more comfortable journey for the casualty, rather than a long stretcher carry over rough ground. There can be difficulties though in the use of such assets if they are dispatched alone to incidents without the support of rescue teams. There is almost always a need to move the casualty from the scene of the accident to a place where the helicopter can land safely, therefore the rescue teams must be called out too.

There is probably a need now for the Police, Ambulance Control and the Air Ambulances to get together with LDSAMRA to establish an appropriate protocol for a call-out. Such a protocol is at present being established with regard to the use of Military helicopters, involving the Aeronautical Rescue Co-ordination Centre, the Police and ourselves.

Another increasing statistic is the use of mobile 'phones to request assistance, with 177 incidents initiated this way in 2003, for the first time it means that over 50% of calls have come from mobile 'phones. Again this leads to a quicker response to an incident. In previous years concerns have been expressed regarding inappropriate use of mobile 'phones however in 2003 there were very few complaints from team leaders.

One aspect of communication that I mentioned in my report last year, concerned the need to change our communication system to High Band VHF. Things last year looked somewhat uncertain, however I am pleased to report that, with the full co-operation of Cumbria Constabulary in drawing up proposals for a new system, events seem to be progressing well. This shows real commitment by Cumbria Constabulary. It is a small force with many calls on its limited budget, yet it has the greatest number of mountain accidents of any police authority in the British Isles. We are pleased to have such a successful working partnership that has now been in existence for over fifty years.

Returning to the subject of the warm dry weather experienced this year, this also resulted in some teams being called out to assist the Fire Service in dealing with fell fires, not a common occurrence in the Lake District.

My annual report gives me the opportunity to thank everyone who has supported the Association over the year, both financially and co-operatively, especially the Police, the Ambulance Service, the Fire Service and the helicopter crews. We have, for some time, had in the report a Distinguished Service List, recognizing those who have given active service to mountain rescue over the years. A recent addition to the list is Flight Lieutenant Richard Wood, based at RAF Boulmer, who has been the RAF Liaison Officer with LDSAMRA for the past ten years.

This year it was decided to extend the list to include those who have given exceptional support to the Association in other ways. Certificates were presented to Mrs. Ada Hillard and to Sir Christian Bonington.

Finally, all mountain rescue team members with over five years' service received the Queen's Jubilee Medal this year. Such medals had previously only been awarded to service personnel, however with the events of 911 it was decided to recognize all front line emergency services. Members were honoured to receive this award.

John Dempster (Feb 2003)

1998	113	94
1999	96	80
2000	80	113
2001	59	65
2002	91	98
2003	79	101

\* i.e. all fractures included as serious

## Causes Of Incidents

The following table is the result of a search through all the reports for key words relating to the causes for calling out the Mountain Rescue Team(s). For example, the category Benighted will include any word with 'benight-', and 'darkness' as part of the word or phrase.

Please note that the totals of these columns may not match the number of incidents given at the bottom of each column. Many incident reports refer to more than one cause. A typical report will illustrate this:-

*tripped on footpath whilst walking and fell 2 metres onto rocky ground*

This will result in contributions to the trip/stumble and fall categories.

<i>Cause Of Incident</i>	<i>1997</i>	<i>1998</i>	<i>1999</i>	<i>2000</i>	<i>2001</i>	<i>2002</i>	<i>2003</i>

Table 5 - Age Profiles of Subjects

## Types Of Injury

The following table is the result of a search through all the reports for key words relating to types of injury or medical conditions. For example, the category Lacerations will include any word with 'lacerat-', 'cut-' and 'gash-' as part of the word or phrase.

Please note that the totals of these columns do not match the number of casualties given at the bottom of each column. Unfortunately many of the casualties sustain more than one injury as a result of their accident. A typical report will illustrate this:-

*□Fracture/dislocation of the ankle, cuts to hands and knee□*

This will result in contributions to the fracture, dislocation and laceration categories.

<i>Condition/Injury</i>	<i>1997</i>	<i>1998</i>	<i>1999</i>	<i>2000</i>	<i>2001</i>	<i>2002</i>	<i>2003</i>
Abrasion	5	1	1	2	4	1	1
Asthma	3	1	1	1	0	0	0

## Lake District Search & Mountain Rescue Teams

The LAKE DISTRICT SEARCH AND MOUNTAIN RESCUE ASSOCIATION consists of the teams listed below together with many others on call through the Police. Its Hon. Sec. is Mr Richard Warren Tel 01946 62176 and Email rawarren@freenetname.co.uk

### FOR RESCUE ASSISTANCE

- **GO TO THE NEAREST TELEPHONE AND DIAL 999.**
- **ASK FOR 'MOUNTAIN RESCUE'.**
- **GIVE THE LOCATION (NAME & GRID REFERENCE), TIME OF ACCIDENT, NATURE OF INJURIES - NAME & ADDRESS OF CASUALTY IF KNOWN.**
- **STAY BY TELEPHONE UNTIL POLICE OR RESCUE TEAM MAKE CONTACT.**

The contact names and addresses given below are for administrative purposes only. In the event of an accident, dial 999.

---

#### **Cockermouth Mountain Rescue Team**

Hon. Sec.: Steve Brailey  
14 Lime Tree Crescent, Cockermouth, Cumbria CA13 9HW  
01900 827916      steve@cockermouthmrt.org.uk

---

#### **Coniston Mountain Rescue Team**

Hon. Sec.: Graham Sockett  
15 Old Furness Road, Coniston, Cumbria LA21 8H  
015394 41713      souchette@lineone.net

---

#### **Cumbria Ore Mines Rescue Unit**

Hon. Sec.: Sheila Barker  
The Rise, Alston, Cumbria, CA9 3DB  
01434 381903      sheila.barker@cybermoor.org

---

#### **Duddon & Furness Mountain Rescue Team**

Hon. Sec.: Tracey Binks  
7 New Street, Broughton-in-Furness, Cumbria LA20 6DJ  
01229 716952      tracey@arrhouse.co.uk

---

#### **Kendal Mountain Search and Rescue Team**

Hon. Sec.: Pauline Speak  
Kendal Mountain Rescue, Busher Walk, Kendal, Cumbria, LA9 4RH  
01772 617071

---

#### **Keswick Mountain Rescue Team**

Hon. Sec.: Neil Dowie  
Royal Oak Cottage, Rosthwaite, Keswick, Cumbria CA12 5XB  
017687 77214      keswickmrt@mountain.rescue.org.uk

---

---

**Kirkby Stephen Search and Mountain Rescue Team**

Hon. Sec.: David Hicks

Ivy Hall, Raisbeck, Penrith, Cumbria, CA10 3SG

015396 24249 david.hicks@ivyhall.demon.co.uk

---

**Langdale / Ambleside Mountain Rescue Team**

Hon. Sec.: Ashley Cooper

6 Wansfell Bank, Blue Hill Road, Ambleside, Cumbria, LA22 0AX

01539 434405 wansfell@freenetname.co.uk

---

**Patterdale Mountain Rescue Team**

Hon. Sec.: Michelle Weston

The Old College, Tirril, Penrith, Cumbria CA10 2JE

(01768) 245389 mandt.weston@virgin.net

---

**Penrith Mountain Rescue Team**

Hon. Sec.: Jane Wise

13 Clifford Road, Penrith, Cumbria CA11 8TF

01768 892558 janewise@aol.com

---

**Search and Rescue Dog Association SARDA (Lakes)**

Hon. Sec.: Mick Guy

Lihmus, High Hill, Keswick, Cumbria, CA12 5PB

017687 72463 mickguy@sarda.demon.co.uk

---

**Wasdale Mountain Rescue Team**

Hon. Sec.: Guy Newbold

43 Santon Way, Seascale, Cumbria CA20 1NG

019467 27246 mountangoat@msn.com

---

## Lake District Mountain Rescue Posts

### Recognised Posts, Manned, with Telephone and some Equipment

---

*Location :* Gatesgarth Farm, Buttermere  
*Grid Ref.:* NY 194 149  
*Supervisor:* Cockermouth MRT Tel: 01900 827916

---

*Location :* Ullswater Outward Bound Mountain School  
*Grid Ref.:* NY 438 213  
*Supervisor:* Ullswater OBMS Tel: 017684 86347

---

*Location :* Wastwater Hotel, Wasdale Head  
*Grid Ref.:* NY 187 088  
*Supervisor:* Wasdale MRT Tel: 019467 25431

---

### Mountain stretcher boxes - Unmanned, no Telephone

---

*Location :* Dow Crag (at the foot of Abraham's B Buttress)  
*Grid Ref.:* SD 263 976  
*Supervisor:* Coniston MRT Tel: 015395 41242

---

*Location :* Mickledore, Scafell (just below crest on Eskdale side)  
*Grid Ref.:* NY 210 068  
*Supervisor:* Wasdale MRT Tel: 019467 25314

---

*Location :* Sty Head Pass  
*Grid Ref.:* NY 218 095  
*Supervisor:* Keswick MRT Tel: 017687 72105

---

### Other First Aid Posts (with telephone)

---

*Location :* Howtown OA Centre, Martindale  
*Grid Ref.:* NY 444 197  
*Supervisor:* BRCS Cumbria c/o The Warden Tel: 017684 86208

---

*Location :* YMCA National Centre, Lakeside  
*Grid Ref.:* SD 374 897  
*Supervisor:* YMCA Tel: 015395 31758

---

NOTE: All the above posts are in the area of the OS Lake District Tourist Map though not all are marked.

*The position of a post is sometimes changed. Verify locally.*

# Mobile Phones & Mountain Rescue

## Advice to Users

There is no doubt that using mobile phones have saved lives in the mountains and fells of this country. The sooner rescue teams are alerted to an incident, the better are the chances of a quick and complete recovery for the victim. However, over the past few years there have been occasions when teams have been alerted inappropriately. The notes that follow are given in the hope that the mobile phone can be used to better effect and to minimise any frustration.

## When to use

1. if you or a member of your party sustains an injury warranting the assistance of a mountain rescue team.
2. if you come across someone who has sustained an injury warranting the assistance of a mountain rescue team.
3. if one of your party has become separated from the main party and you have made every effort to but have been unable to meet up again.
4. if you want to report having seen or heard any internationally recognised distress calls.
5. if you wish to notify someone of a change of plan (not a 999 call).

## When not to use

1. Do not use the mobile phone at the 'first sign of trouble'; be self-reliant if possible.
2. Do not rely solely on the mobile phone as a safety device; there are areas of poor or not reception ('dead areas').
3. The mobile phone is not a substitute for experience.

## How to use

1. First make a note of all relevant details, Location (Grid Ref. if possible)  
Name, Sex and Age of Casualty.  
Nature of Injuries or disability.  
Number of people in party and intended destination.  
**THE NUMBER OF THE MOBILE PHONE IN USE.**
2. Dial 999 and ask for the Police.
3. Make sure you tell the operator that you require the Cumbria Police as you are in the Lake District.
4. When connected to a Police control room, check that it is the Cumbria Police. If it is not, then make sure that the information will be passed on.
5. Explain the nature of your call, giving details previously prepared.
6. Do NOT change your position until contacted by Rescue Team, who will agree future protocol for use of Phone.
7. If you have to make a further 999 call, use ALL the above procedure again.

# **Advice To Those Using The Mountains & Fells**

## **LIVE A LITTLE LONGER**

British mountains can be killers if proper care is not taken. The following notes cover the minimum precautions if you want to avoid getting hurt or lost, and so inconveniencing or endangering others as well as yourselves.

### **Clothing**

This should be colourful, warm, windproof and waterproof. Wear boots with moulded rubber soles, not shoes, trainers or wellingtons. Take a woollen cap, scarf, gloves and a spare jersey; it is always colder on the tops.

### **Food**

In addition to the usual sandwiches, take chocolate, dried fruit, mintcake or similar sweet things, which restore energy quickly. If you don't need them yourself, someone else may. Becks on fells are drinkable if fast-running over stony beds.

### **Equipment**

This must include map, compass, and at least one reliable watch in the party. A whistle, torch and spare batteries and bulbs are essential. Use six blasts or flashes repeated at one-minute intervals to signal an emergency. In winter conditions, an ice axe, crampons and survival bag are essential. Climbers are all urged to wear helmets, especially in winter conditions.

### **Company**

If in groups, make sure party leaders are experienced; do not leave one or two behind to rest and catch up later. Take special care of the youngest and weakest especially in dangerous places. If you prefer to go alone, be very careful at all times. Let people know your route at the start, and stick to it as far as you can.

### **Emergencies**

Don't press on if conditions are against you - turn back even if it upsets your plan. Learn First Aid, and keep injured or exhausted people warm until help reaches you. Get a message to the Police for help as soon as possible, and report changes of route or timetable to them if someone is expecting you. The Police will do the rest.

## **Dangers which Can Always Be Avoided**

□ until you know how to cope with them:

### Precipices

Slopes of ice,  
steep snow,  
very steep grass (especially frozen),  
unstable boulders.

### Gullies and stream beds,

streams / rivers in spate,  
snow cornices on ridges or gully tops,  
over-ambition,  
carelessness.

## **Dangers which may Surprise You**

□ and should be guarded against:

### **Weather changes** - mist, gale, rain or snow.

Get forecasts, and watch the sky in all quarters

### **Ice on paths**

Carry an ice-axe and wear crampons - **know how to use them**

### **Excessive cold or heat.**

Dress sensibly, and take spare clothing.

### **Incipient exhaustion.**

Know the signs; rest and keep warm.

### **Accident or illness.**

Don't panic. If you send for help, make sure that the rescuers know exactly where to come.

### **Flight of time.**

Learn your own pace. Plan your walk.

Allow double time in winter conditions.

### **Pride.**

It is no disgrace to turn back if you are not certain. A party must be governed by the capabilities of the weakest member.

## **DISTINGUISHED SERVICE LIST**

*Containing persons who have made a significant contribution to Mountain Rescue in the Lake District*

---

**JOHN BERNARD ANDERSON**

Coniston MRT

**STEVE BARBER** (Deceased)

# Donating To Mountain Rescue

If you wish to support financially the Mountain Rescue Service, in the Lake District, the Association will be pleased to receive your donation. The Association equally shares out all it receives to the 13 Teams in the Lake District. There are several ways of assisting, some more financially advantageous than others.

## 1. Gift Aid

Following recent changes in the law relating to donating to charities, completion of a Deed of Covenant is no longer necessary. Most donations are now covered by a Gift Aid declaration. If you pay tax, Gift Aid is a scheme by which you can give a sum of money to a charity and the charity can reclaim from the Inland Revenue basic rate tax on your gift. You can make payments by cash, cheque, postal order, direct debit or standing order. Subject to a few rules, you can give any amount, large or small, regular or one-off and the charity can reclaim the tax.

If you want to make a donation through Gift Aid please complete the form printed overleaf having read the notes and return it, with either your donation or a completed copy of the Bankers Order to the Association's treasurer.

1.1 If your declaration covers donations you may make in the future:

- Please notify the charity if you change your name or address while the declaration is in force
- You can cancel the declaration at any time by notifying the charity  it will then not apply to donations you make on or after the date of the cancellation or such later date as you specify.

1.2 You must pay an amount of income tax and/or capital gains tax at least equal to the tax that the charity reclaims on your donations in the tax year (currently 28p for each pound you give).

1.3 If in future your circumstances change and you no longer pay tax on your income and capital gains equal to the tax that the charity reclaims, you can cancel your declaration (see note 1.1)

1.4 If you pay tax at the higher rate you can claim further tax relief in your Self Assessment tax return.

1.5 If you are unsure whether your donations qualify for Gift Aid tax relief, ask the charity. Or you can ask your local tax office for leaflet IR113 *Gift Aid*

## 2. Give As You Earn

This is a tax free way of giving to charities direct from your pay and many employers have agreed to co-operate. The donation is deducted from your pay before your tax deduction is calculated. The Association is registered with the Charities Aid Foundation.

If this appeals to you, please approach your employer with these details:

Charity Name:	LDSAMRA	
Bank Code:	40-22-16	Bank Account No: 81205617
Give As You Earn Reg.	No:004184
